

Colour Coded Syringe Labels – Order Form

Our colour coded syringe labels follow the colour coding guidelines of the Association of Anaesthetists of Great Britain and Ireland (AAGBI) and are manufactured on pharmaceutical grade, latex free, material, with clear, sharp, text and bright, solid, background colours to meet exacting standards in every detail. Each roll contains 500 labels presented in a custom-made box that sits perfectly in our wall mounted and/or free-standing clear Perspex label container(s).
